

MainLite Compact Inspection Systems

MainLite® Compact Inspection Systems

Introducing the newest evolution of compact inspection system design. Years of market research and engineering has resulted in a sleek, easy-to-use system that won't strain your back, or your pocketbook. Available in many different configurations, the MainLite® systems can be used in portable applications, or mounted in vehicle, providing you power and flexibility in one compact, affordable package.

MainLite®

Highlighted features

BP 100	Touch Screen, built-in Windows 10
Recording	Built in capture card + Software
Portability	Large wheels on cart for offroad
Which tractors will it work with?	T66 and T76
KW 206	Power rewind, level wind and 656' cable
KW 306	Power rewind, level wind and 1000' cable

The market spoke, and IBAK listened. Introducing the most sophisticated, compact, rugged and easy-to-use mainline inspection system we have ever designed. The MainLite® systems are adaptable, capable, and ready to go at the push of a button. We are offering these systems in affordable packages that can meet your needs whether you are a small town, large municipality or successful inspection contractor.

**Adaptable.
Elegant.
Affordable.**

*Optional granulated wheels shown.

BP 100 Controller

The new multi-function computer controller has everything you need to conduct inspections and record video right out of the box!

Compact and Portable

The MainLite® system is based around two very compact cable drums (KW 206 and KW 306) and the revolutionary BP 100 multi-function, computer controller. The entire unit can be mounted in a truck, or used in portable applications with the addition of our new MainLite® Portable Cart, which provides seating and an ergonomic mount for the BP 100 controller.
