MINILITE® 3.0 HD PUSH SYSTEM

The MiniLite 3.0 Push System is a compact and versatile platform for inspection of small diameter sewer lines. With a bright 12" touch screen (BP 3 Controller) and a built in Windows PC, this controller is ready right out of the box. The multi-function joystick allows precise control of pan & tilt cameras, and with continuous rotation built-in, you won't have to worry about over-rotating your camera.
